Statement of Support for CTPAT Compliance

CTPAT (Customs Trade Partnership Against Terrorism) is a voluntary initiative between United States Customs and Border Protection and businesses to build relationships that strengthen the supply chain and border security. CTPAT procedures ensure that Fabrica de Jabon La Corona practices with integrity all CTPAT security practices and that we effectively communicate these security guidelines to our business partners within the supply chain.

Fábrica de Jabón La Corona and its collaborators undertake to participate in this program through the implementation of procedures and practices consistent with the CTPAT Security Criteria for Manufacturers and thus cooperate with United States Customs and Border Protection in their efforts to guarantee integrity of its security practices such as:

- Providing security guidelines and training for employees, contractors, service providers, and others associated with the company.
- Providing a secure environment for employees, customers, suppliers, and other visitors.
- Investigating any significant situation or event that may be related to a threat to cargo security or any CTPAT criteria and notify the corresponding authorities.
- Reviewing and updating security practices and procedures regularly or when there are any changes or updates required by events or CTPAT

Fábrica de Jabón La Corona adheres to the practices suggested by CBP to guarantee the above by means of:

- Stringent Access control
- Close and reliant relationships with our business partners
- Transporting by means of secure transportation companies only
- Cybersecurity
- Stringent Internal security
- Maintaining a well-trained Staff and security at all levels to exercise MSC security
- Periodic and regular awareness and security training
- Following Discharge of personnel protocol responsibly
- Control of wooden packaging materials to meet agricultural standards
